“The spokesman for the Maine Trucking Industry”

Dear CDL School Administrator/Instructor,

In light of the obvious need for truck drivers, in Maine and nationally, we are looking to develop a resource for individuals who are looking to get their CDL. Your school has been identified by the Maine Secretary of State, Bureau of Motor Vehicles, as offering a program for CDL instruction. This letter is intended to help connect prospective students with the appropriate CDL program.

In an effort to give people consistent information, please fill in the blanks for the questions on the back of this letter. If you need additional space for comments, please feel free to use a separate page. If you do not respond to this questionnaire, we will not publish your school's incomplete information.

The results for your school, and the others we are asking to submit the questionnaire, will be posted on our website. We also intend to reference the resulting “matrix of CDL programs” in our printed materials, to the media and whenever anyone contacts us about CDL training.

We look forward to your reply.

Sincerely,

Randy DeVault
Training Coordinator
