

YOU'VE GOT DRIVE

THAT'S WHY YOU ARE GETTING YOUR CDL

You've seen what's happening out there and don't want any part of it. Spending the next 10+ years paying down student debt? No thanks. Riding a desk? Not so much.

It's time to do things differently and live a life that makes sense to you. And starting a high-paying, in-demand career with minimal debt makes sense. Deciding to work locally or experience the world beyond Maine makes sense. Most of all, taking control of your own life makes a LOT of sense.

Let us help you with a ZERO % Interest loan to get you on the road to success.

Who is Offering this Great Program?

Maine's workforce shortage is the most serious issue facing Maine Motor Transport Association members, which is why our association has invested in the Go Your Way campaign to attract the next generation of truckers. To further support those looking at a career in trucking, MMTA has partnered with Maine Savings FCU to provide a NO INTEREST loan program to help finance CDL training tuition costs at approved CDL schools.

Program Basics:

- 100% financing of tuition costs (up to \$7,000) of a CDL course through approved CDL schools;
- 0% interest rate;
- First payment deferred to 60 days after completion of course;
- Flexible repayment terms (up to 36 months with \$50 minimum payment);
- No collateral or prior credit required;
- Easy online application to apply;
- Reasonable credit standards;
- An appeal option directly with MMTA for applicants that do not initially qualify;
- Only Maine residents going to approved Maine trade schools are eligible;
- Borrower must be at least 18 and must join Maine Savings FCU to be eligible.

About MMTA:

Trucks deliver good stuff in and around Maine, driving the Maine economy. As one of the largest trade associations in the state, the Maine Motor Transport Association works to support our members. We actively seek ways to positively impact highway safety and provide leadership on other issues that impact Maine's future. If you'd like to learn more about us and what we can do for you, visit MMTA.com.
