The ELDT Final Rule

The Entry-Level Driver Training (ELDT) final rule

- Published in 2016, mandated by MAP-21.
- Set a Federal standard for mandatory training of entry-level drivers.
 - Establishes minimum requirements entry-level driver training providers must meet.
 - States may have requirements that exceed Federal requirements.
- Established need for the **Training Provider Registry**.
- Compliance Date: **February 7, 2022**.

How will ELDT improve safety on our Nation's roads?

- Ensures that only qualified drivers receive a new CDL, or a CDL upgrade, or S, P, or H endorsement.
- Sets a national baseline for entry-level driver training.
- Identifies standards that training providers must meet.
- Gives States information they need at critical safety checkpoints.
- Further ensures that drivers operate commercial motor vehicles (CMVs) safely and meet their operational responsibilities.

The Training Provider Registry ensures that these lifesaving requirements are met.

The Training Provider Registry

The Training Provider Registry

- This FMCSA web system will:
 - List training providers eligible to provide entry-level driver training.
 - Retain a record of drivers that have successfully completed entry-level driver training.

The screenshot shows the Training Provider Registry website interface. At the top, there is a navigation bar with links for 'Email Sign Up', 'Home', 'About', 'FAQs', 'Developers', and 'Contact'. The main content area features a prominent announcement: 'COMING FEBRUARY 7, 2022'. Below this, a text block explains that the registry will help CDL applicants connect with training providers and provides a sign-up form for email updates. The form includes an 'Email Address' field and a 'Subscribe Now' button. A 'Manage user preferences' link is also present. To the right of the sign-up form, there is a list of topics for which users can receive news, including entry-level driver requirements, training provider requirements, and SDLA requirements. Below the sign-up form, there is a section for 'DOWNLOAD TOOLS FOR DEVELOPERS' with a brief description and a 'Learn More' button. The bottom section is titled 'ENTRY-LEVEL DRIVER TRAINING' and contains detailed information about the ELDT regulations, including a list of applicable drivers and a list of regulatory references.

COMING FEBRUARY 7, 2022

The Training Provider Registry will help commercial driver's license (CDL) applicants connect with training providers who are self-certified to provide required entry-level driver training. Sign up to receive news and updates from FMCSA about the Training Provider Registry and the new requirements for CDL applicants, training providers, and State Driver Licensing Agencies (SDLAs).

DOWNLOAD TOOLS FOR DEVELOPERS

States, or their third-party vendors, will need to modify their IT systems to retrieve data from the Training Provider Registry. Training providers will also have the option to set up an interface to send data to the TPR web service. FMCSA will provide materials and information needed to meet the technical requirements for these web interfaces.

ENTRY-LEVEL DRIVER TRAINING

Once operational, the FMCSA Training Provider Registry will retain a record of which CDL applicants have completed the new training and certification process outlined in the Entry-Level Driver Training (ELDT) regulations.

FMCSA's Entry Level Driver Training Program sets the baseline for training requirements for entry-level drivers. This includes those applying to:

- Obtain a Class A or Class B CDL for the first time.
- Upgrade an existing Class B CDL to a Class A CDL
- Obtain a school bus (S), passenger (P), or hazardous materials (H) endorsement for the first time.

The Entry-Level Driver Training regulations are not retroactive; the entry-level driver training requirements do not apply to individuals holding a valid CDL or an S, P, or H endorsement issued prior to February 7, 2022.

Any individual who meets one of the exceptions for taking a skills test in 49 CFR Part 383.42 is also exempt from the Entry-Level Driver Training requirements. [Learn more about FMCSA's CDL Program.](#)

Entry-Level Drivers – Who is Covered?

The ELDT regulations establish new minimum training standards for entry-level drivers. This includes individuals applying for:

A Class A or Class B commercial driver's license (CDL) for the first time

An upgrade of an existing Class B CDL to a Class A CDL

A hazardous materials (H), passenger (P), or school bus (S) endorsement for the first time

- The rule does not cover individuals for whom States have waived the CDL skills test under 49 CFR 383 (§ [383](#)).

Driver Requirements

- Entry-level drivers must complete the applicable training from a training provider that has registered with FMCSA.
 - Registered training providers will be listed on the Training Provider Registry website (public listing coming fall 2021).
- Training must be completed prior to taking a CDL skills test or, if applying for the H endorsement, knowledge test.
- Whether or not a driver is subject to the ELDT regulations is determined by when they obtained their commercial learner's permit (CLP) or any pre-existing endorsements.

ELDT Applicability

ELDT Compliance Date February 7, 2022

- Drivers holding a CLP prior to the compliance date may obtain a CDL without completing entry-level training.
- If the CLP obtained prior to the compliance date, or renewed CLP, expires prior to obtaining a CDL, the driver would be subject to ELDT requirements for Class A or Class B CDL.
- If a driver holds S, P, or H endorsements prior to the compliance date, the driver is not subject to the ELDT requirements for the endorsement(s).
- Drivers who obtain a CLP on or after the compliance date are subject to ELDT regulations for CDLs.
- Drivers who apply for a S, P, or H endorsement after the compliance date are subject to ELDT requirements for those endorsements.

What are the ELDT training requirements?

Training Requirements

Entry-level drivers must receive training and demonstrate proficiency in the following areas:

THEORY TRAINING

- Lectures, demonstrations, computer-based, online learning, etc.
- May use a simulator
- No minimum number of hours; trainees must score at least 80% on assessment
- Training topics include:
 - Basic Operation
 - Safe Operating Procedures
 - Advanced Operation Procedures
 - Vehicle Systems and Reporting Malfunctions
 - Non-Driving Activities (e.g., Hours of Service)

BEHIND-THE-WHEEL (BTW) TRAINING

- Actual operation of a CMV
- Takes place on a range or public road
- May not use a simulator to meet requirements
- No minimum number of hours, training provider will determine driver's proficiency
- Basic vehicle control skills and mastery of basic maneuvers

Training Requirements (continued)

- Theory and BTW trainings may be delivered by different training providers.
 - Both training providers must be registered/listed on the Training Provider Registry.
 - Both training providers would separately submit driver training information.
- BTW range and BTW public road trainings must be provided by the same training provider.
- Driver-trainees must complete both the theory and BTW portions of training within one year of each other.

Training Requirements (continued)

BTW Public Road

- Instructors must cover all topics listed and “determine and document that each driver-trainee has demonstrated proficiency in all elements of the BTW curriculum unless otherwise noted.”
 - See Appendices A and B to Part 380.
- Does not allow for “test outs” of skills training on either range or public road.

Registering with FMCSA

▶ For more information: [§ 380.703](#)

- To be authorized to provide entry-level driver training, training providers must register with FMCSA.
- During registration, training providers **must self-certify** that they meet all applicable Federal and State requirements.
- Only registered training providers will:
 - Be listed on the Training Provider Registry website (publicly viewable in late 2021).
 - Be able to submit driver training certification information to FMCSA (beginning on February 7, 2022).
- Training providers are required to register even if they do not provide training to the general public.
 - Providers may omit their contact information from the public list.

Curricula

Training providers must cover all topics described in [49 CFR part 380 appendices A through E](#), as applicable

- There is no required minimum number of instruction hours.
- Separate training providers may deliver the theory and behind-the-wheel (BTW) portions of the training, but both portions of BTW training must be delivered by the same training provider.
- Driver-trainees must complete both the theory and BTW portions of training within one year of each other.
 - Except for individuals seeking the H endorsement
- A simulation device cannot be used for BTW instruction, but can be used as part of theory instruction.

[Download the ELDT Curricula Summary](#) for an overview of requirements.

Instructors

▶ For more information: §§ [380.713](#), [389.605](#)

- Theory and BTW instructors must hold a CDL of the same (or higher) class and with all endorsements necessary to operate the CMV for which training is to be provided.
- They must also have either:
 - At least two years of experience driving a CMV requiring a CDL of the same (or higher) class and/or the same endorsement; *or*
 - At least two years of experience as a behind-the-wheel CMV instructor.
- If an instructor's CDL has been cancelled, suspended or revoked due to offenses identified in §383.51, the instructor is prohibited from teaching for two years following the date his/her CDL is reinstated.

State Licensing

► For more information: [§ 380.703](#)

- Training providers must be licensed, certified, registered, or authorized by the State where the training is conducted, as applicable.
 - Note: Some States may not have instructor certification requirements for entry-level driver training providers.
- If a training provider offers theory instruction **only online**, the State licensing requirements do not apply.
